

DifferWorld is ...

DifferWorld is an international strategic professional consultancy that assists you boost your organization's profitability, performance and fulfillment levels. DifferWorld's history dates back to its 2002 founding in Singapore, by our C.E.O. and Head of Faculty, Mr. Manoj Sharma. This is after more than a decade of intensive research on how best to transform local human resource into world class human capital. At the time of writing, DifferWorld has assisted more than 371 global organizations and more than 50,000 people worldwide through its numerous fully customize time and cost smart initiatives. We proudly own our own intellectual property (Individual True Wealth Model, Organization True Wealth Model, together with our Professional Wealth Coaching Technologies, Professional Wealth Coaching Methodology and Professional Wealth Coaching Techniques), provide "LOCAL" support to our international clients, and run a one stop shop with various specific initiatives for every facet of your organization's needs. What are the areas we focus on? Put simply, we assist you, your teams and your organization to enhance professional, personal and executive mind sets, skill sets and business sets which have exponential benefits for life. What are our founding principles? 1) We recognize that regardless of how much financial, mental, emotional, physical and spiritual wealth you do or do not have, you still have a tremendous amount of room for professional and personal growth, development and contribution. 2) That your professional and personal growth, development and contribution, through DifferWorld's initiatives will significantly enhance your paradigms, quality of life and standard of living. 3) That an enhancement of your paradigms, quality of life and standard of living will automatically allow you to experience a higher level of fulfillment, performance and profitability in all facets of your life. 4) And that a higher level of fulfillment, performance and profitability give you a better chance to be a greater contribution. 5) And that individuals, teams, organizations, communities and nations that are being a contribution enhance the standard of living and quality of life for all of humanity.
